MILITARY COLLEGE OF ENGINEERING
JOINING INSTRUCTIONS FOR NUST / PAYING / ASC CADETS
CED-83 COURSE

GENERAL INFORMATION

1. **Background.** Military College of Engineering is a well renowned institute in the field of civil engineering, with a rich history spanning over half a century. A year after the independence of Pakistan, School of Military Engineering (SME) was established at Sialkot in 1948. Having functioned at Sialkot for over four years, SME was shifted to Risalpur in 1952. Here, it grew and expanded its sphere of activity beyond the combat related training and started with dispensation of civil engineering knowledge through regular Bachelor of Engineering classes. It gradually transformed into a fully fledged and matured engineering college and was named as College of Military Engineering (CME). In 1958, the institution was renamed as Military College of Engineering (MCE). In line with its expanded role, in 1962, it was given the charter of self degree awarding and autonomous institution status by the Government of Pakistan. To meet the growing needs of the country as well as armed forces, the College was affiliated with the University of Engineering and Technology Lahore for post graduate studies in 1988.

2. To further consolidate its credentials, the College sought collaboration with well reputed **Michigan State University** (MSU) USA. Beside this, scores of graduates of this college have attained Ph.D and MSc degrees in various civil engineering disciplines from a number of universities of USA and UK. After the establishment of National University of Sciences and Technology (NUST) in year 1995, Military College of Engineering became one of its constituent colleges and there on achieved new heights of brilliance and excellence.

3. **Location.** Military College of Engineering is located at Risalpur, a medium size garrison, about 50 Kilometers from the historic city of Peshawar and 130 Kilometers from Islamabad. Although Risalpur is connected with Peshawar and Islamabad by both rail and road, traveling by road is preferred.

4. **Organization.** The College is organized into instructional and administrative wings as follows:-
   a. **Civil Engineering Wing.** Deals with civil engineering undergraduate studies.
   b. **Combat Engineering Wing.** Deals with combat engineering courses.
   c. **Counter IED, Explosive and Monition School (CEMS).** Deals with improvised explosive devices and related disasters.
   d. **Military Engineering Service (MES) School.** This school conducts MES Courses.
e. **Administrative Wing.** It is responsible for administrative support for smooth functioning of the College.

5. **Climate.** Risalpur is 325 meters above mean sea level. This area experiences moderately severe climatic conditions. Summers are generally dry and hot with temperature going up to 48°Celsius during June and July. The winters are generally pleasant less the months of December and January when the minimum temperature goes as low as freezing point. Annual rate of precipitation is moderate. Winter rains are received mostly during February and March, whereas, August and first half of September are characterized for monsoon downpours.
