**General information**

SADA provides an environment that supports both intellectual and personal growth. This requires striking a balance between upholding individual freedom and demanding respect for the rights of others. Each student has the right to pursue peacefully his / her study, and other students must respect this right.

As young adults, it may be your first or recent experience with certain freedom and privileges. The university should not therefore be constantly watching your actions or judging your behaviour. When your actions clash with the rights of others to a safe environment, the university considers it obligatory to intervene and preserve the academic rights of students as a community. You are therefore expected to demonstrate a high standard of conduct - one that is necessary to maintain the educational quality of the campus.
➢ **Identity Cards**

All students will be issued temporary identity cards on arrival. However, permanent NUST identity cards will be issued later. Students will be responsible for the safe custody of their identity cards. In case of loss or theft, they will be liable to disciplinary action.
